Saffron Dreams

A Novel

SHAILA ABDULLAH

Muslim-American Novelist Depicts Social Rift in the Aftermath of 9/11

From the darkest hour of American history emerges a mesmerizing tale of tender love, a life interrupted, and faith recovered. Arissa Illahi, a Muslim artist and writer, discovers in a single moment that no matter how carefully you map your life, it is life itself that chooses your destiny. After her husband's death in the collapse of the World Trade Center, the discovery of his manuscript marks Arissa's reconnection to life. Her unborn son and the unfinished novel fuse in her mind into one life-defining project that becomes, at once, the struggle for her emotional survival and the redemption of her race. *Saffron Dreams* is a novel about our ever evolving identities and the events and places that shape them. It reminds us that in the midst of tragedy, our dreams can become a lasting legacy.

"Eloquently written, a must-read for any one interested in exploring the lived experiences of Muslim women in the United States."

—Ali Asani, PhD, Professor of the Practice of Indo-Muslim Languages and Cultures, Harvard University

"A poignant story that affirms the redemptive power of storytelling."

—Sefi Atta, award-winning author of *Everything Good Will Come*

"Saffron Dreams is a literary masterpiece that lifts the spirit and twists the heart."

—Bob Rich, PhD, editor for Loving Healing Press

"The extraordinary power of this book is not to be missed by the serious or casual reader, for it proves that we are all one in our most elemental human needs and emotions."

—Shirley M. Hord, PhD, Scholar Laureate, National Staff Development Council
